

Hanging baskets and window boxes are a great way to help get your business noticed. We supply over 100 baskets to a range of businesses in the local area every year.

WHAT TO DO NOW...

Fill out the form included in this pack to let us know your preferences. We can provide new baskets or refill your old ones.

If you would like to talk through ideas or receive a quote before ordering please contact our plant team on **01308 422654** or garden@grovesnurseries.co.uk

Once you have decided, drop any existing baskets (**empty & labelled**) and your form into us.

We'll send you confirmation of your order.

We make up your baskets, grow them on for 4 weeks to get them established. The earliest any baskets will be ready is the week commencing **Monday 13th May**.

You can pay at the time of ordering or when the baskets are delivered/picked up.

FOR BASKETS THAT LOOK THE BUSINESS!

FEED, FEED, FEED!

The difference between a fantastic display and a mediocre one is ensuring the plants in your baskets get enough food to keep flowering all summer long & into autumn. There are many plants sharing a small amount of soil so they are all hungry.

WATERING

Just like feeding, there are many plants in a small amount of soil so they get very thirsty. If your baskets are in a windy area they will dry out even faster than those in a more sheltered area. On good summers day the baskets may need watering a couple of times a day!

Depending on where your baskets are hung, watering & feeding can be done using a watering can or hose pipe, but if you're busy running a business then finding time to feed & water could be tricky. We recommend installing an irrigation system which will automatically water and feed your baskets for you. In our experience, it is the pubs with irrigation systems which without a doubt have the best displays.

If you would like advice about installing a watering system or would like to have yours checked over then contact Mark on **01308 422654** or email garden@grovesnurseries.co.uk

SIZE

Ensure you choose a large enough basket for the situation you have. For example we would recommend that pubs have baskets that are at least 14" across to give a bold enough display.
